

# Get The **Highest ROI** From Your Training With CloudShare's Cost-Effective Virtual Training Labs

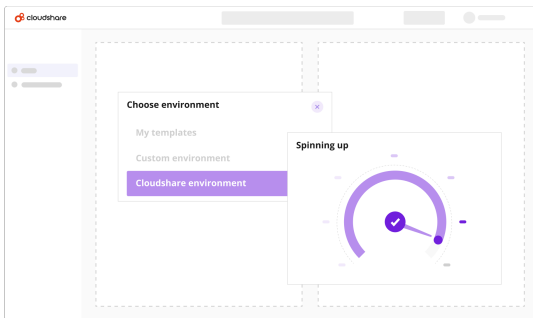

Simple Pricing

No Surprise Fees

All - Inclusive

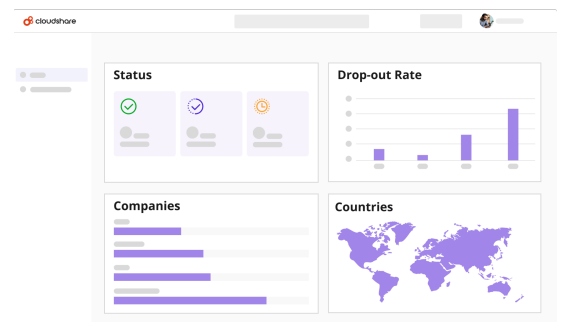

## Quick to install, easy to operate

- Produce or duplicate your environments in minutes, not hours!
- Quickly set up and run fully editable templates — then distribute and reuse them easily
- Our scalable, user-friendly labs mean you no longer need Devs or IT to spin up your environments for you

## All-inclusive and cost-effective pricing

- Our price is straightforward and easy to understand, with no surprises
- You'll only be charged for the lab services you actually use
- Don't break the bank on your training: define policies to suspend classes and environments when they aren't being used
- Quota Control: run cost-effective projects by setting limits on resources used across all your channels

## Flexible pricing plans

- Choose our flexible monthly plan or save \*big time\* on the annual plans with an upfront flat rate
- Enjoy limitless user seats and the full feature set
- Use CloudShare's cloud infrastructure or bring your own, we work with the best (Azure, GCP, AWS)
- You name it, we integrate with it. Gain free access to the Integration Hub and improve workflows with your existing tech stack, including Salesforce, Docker, Hubspot, Google Sheets and more
