

Start Seeing ROI from your **Training Program**

Discover how thousands of the leading software companies are spinning up training labs in seconds, scaling training, controlling costs, growing into new channels of business, and increasing their bottom line, with CloudShare.

Quickly spin up environments

"Discover how thousands of the leading software companies are spinning up training labs in seconds, scaling training, controlling costs, growing into new channels of business, and increasing their bottom line, with CloudShare."

Paul Cleary,
Head of Ecosystem Group, Venafi

Integrate with ease

"This integration has a halo effect on the positive benefits for customers. Customers can focus more time and energy on improving their content than on dealing with how to deliver it."

John Peebles,
CEO, Administrata

Reduce IT support

"I wanted to dream up better course materials and improve training quality, not lose sleep worrying over tech issues holding my team back."

Vincent Perquin,
Academy Manager, SAI360

Grow your business

"With CloudShare we have been able to offer training subscriptions that contribute to 75% of our revenue."

Leonie Schwede,
Director of Training, Ping Identity

Control costs

"The comprehensive policies are a great way to control consumption and make sure we're not exceeding budget."

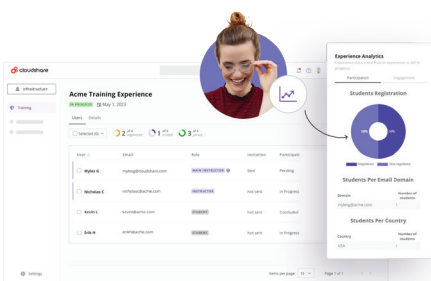

Itai W,
Product Manager, ControlUp

Scale your training

"With CloudShare, Advanced has been able to scale its training programs, building 150+ courses that have already served 19,000+ users."

Dianne King,
Group Customer Training Manager, Advanced

Maximize the ROI of your online training programs with engaging, hands-on software experiences
