

# Hi! We're CloudShare

Our virtual IT labs solution lets you spin up **cloud-based labs, super fast, that are wonderfully collaborative and totally hands-on.**

Here's what we mean by that...

- **Super fast to set up**

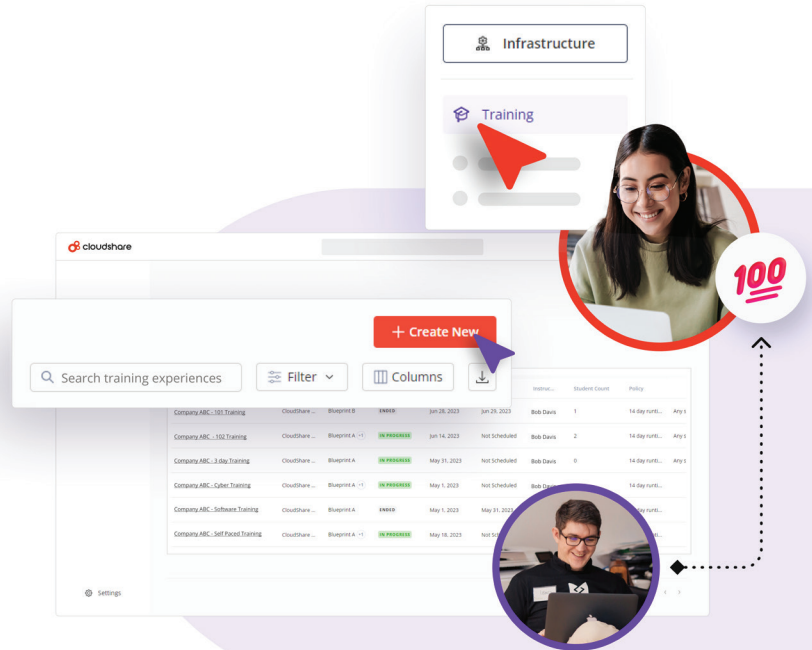

Spin up fully customized virtual labs in minutes – not hours! Use pre-existing templates or create your own without a dev team because, yep, it's no-code!

- **Wonderfully collaborative**

Connect with your participants and prospects through different channels and support them to success with your product – in real time.

- **Totally hands-on**

Let participants explore and learn without breaking anything: CloudShare's virtual labs are fully-functioning replicas of your software.

## The proof is in the pudding

CloudShare comes with analytics that help you track participant engagement, course completion, and more – so you can prove and boost ROI.

*We're trusted by 150+ companies, whose logos you'll actually recognize*

*And we're loved by over 1M+ end users too*
