

CloudShare for **Sales Enablement** Deliver Unforgettable Remote Demos and POCs

People Don't Buy Products. They Buy Experiences.

Meet the demands of today's remote landscape by improving how you showcase software solutions in the cloud. CloudShare provides the industry's most engaging user experiences for cloud-based sales demos and POCs. It's much easier to impress prospects when you can replicate real-world solutions, spun up in minutes, from anywhere in the world.

Speed Up the Sales Cycle

Speed up sales by reducing the average demo and POC setup time to just a few minutes. Replicate real-world environments and support complex demos.

Enable Better Remote Experiences

Wow prospects by delivering industry-leading digital experiences. Adapt to the new normal and engage in successful remote sales – anywhere, any cloud, anytime.

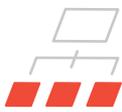

Boost the Bottom Line

Get your prospects exactly where you want them in the sales funnel, so that you can increase acquisition, boost retention, and improve time-to-market.

Engage with Prospects in Real-Time

Real-time insights allow you to identify problems and react to them during demos and POCs, as well as increasing stickiness through better prospect engagement.

Gain Visibility into Sales Success

Intuitive dashboards and extensive engagement metrics can help you gain full visibility and control of your sales funnel, as well as improve ROI.

What is CloudShare?

CloudShare is the most powerful solution for hands-on software experiences; from sales demos and POCs, to customer and employee training, certification, and sandboxing.

Our virtual environments are completely customizable and allow the end-user to experiment with your software in a safe environment that mimics their own, thus enabling the most effective experiences.

CloudShare's Business Acceleration platform enables some of the world's top brands to accelerate their entire customer journey anywhere, in any cloud, anytime.* We're proud to serve leading global software companies such as Palo Alto Networks, RSA, Motorola, Atlassian, SAI Global, Atos, ForgeRock, Dell, Salesforce, and many more.
